

Kansas Turkey Hunt Testimonials 2026

This being my first turkey hunt I had so many questions about turkey hunting that I thought I would annoy my guide. He answered every question I had and that meant a lot to me. The highs of getting my first turkey to watching 10 plus turkeys just out of range was amazing. Forest was so excited for me when I shot my bird it made me more excited. With the things that have gone on in my life, this turkey hunt is so good for my soul, like a reset. As this event comes to an end I feel so refreshed and so happy that I was invited. Overall experience was amazing with even more awesome people. So, thank you very much.

-Jourdan Smith (Purple Heart Recipient)

Cooking was phenomenal! Food was delicious, well planned and plentiful. The amount of game we were able to locate was more than expected. The staff were professional, knowledgeable and very respectful! The coordination between hunters/guides allowed us to remain well informed and had a very good idea of what the plan for each day was. As a combat wounded veteran that has recently retired; this hunt was an incredible opportunity to get into the outdoors with fellow vets and share stories and feel as though you are still part of something. Hunting is my biggest passion. It is more than just a hobby. It is a way of life; most of all – it is my therapy! I would come back to do this hunt every year if given the opportunity!

-Ryan Fasano (Purple Heart Recipient)

I really enjoyed the accommodation. The diversity of guide styles and switching people around with them was nice too. Friendly, down-to-earth people and environment. Practicing safety & checking our shot groups and verifying that hunter equipment capabilities met the demands prior to going out was nice. I enjoyed everything overall. The activity was true to the name "Veteran's Outdoor Therapy" I hadn't been out with other individuals of a similar background and doing what I love in a long time. It truly has been therapeutic and I am greatly appreciative!

-Tyler Fernlund (Purple Heart Recipient)

The lodging, Food, intel, guides, host, humor and companionship were all good. This event came at the right time for mental focus, clarity and a family break. Being able to see new states, get my first turkey, and learn from guides has helped me in my personal and professional life.
