

2026 Missouri Turkey Hunt

The accommodation was amazing. So relaxed and truly made to feel welcoming and comfortable. This event was huge to me. I very rarely get away to do anything relaxing and enjoying. All of my get-aways tend to always involve work. It was amazing to be able to reconnect and see a few of the people I was deployed with to Iraq with.

The guides that were used were amazing. The food was amazing, plenty of great land to have access to, and the lodging was great. The communication from Jason leading up to the event was excellent as well. This event let me put my everyday problems aside and decompress with fellow brothers who have been through the military life and combat like myself.
